WHY?

Enterprises and providers of educational services develop innovative and successful methods and solutions to help reconciliation of family and work life, improve the skills of older workers and make career orientation easier for young people. This is their response to demographic changes and the declining pool of well-skilled employees.

Our institution, the BOW, and educational services provide an innovative network to improve upgrading of individual skills of employees and make best use of human resources. Exchange of information about current trends and strategies ensures transparency and brings together methods of good practice.
